Note

1. Students who get Pre-engineering, Other Natural sciences and social sciences will choose their specific departments at the end of second semester. Each departments intake capacities will also be released during that time.
2. Every student must put his/her choice in order of preference. A student, who for example is assigned to his third preference, cannot complain or ask for placement to his fourth preference, but he can submit complain if he believes that he missed his first and second choices due to an error in the placement process.
3. Students who may miss their first or second choices due to competition, will compete for their third, fourth.... etc. choices
4. Online preference filling will be open only until February 24, 2025
5. A student who fails to submit his/her preference online within the given deadline will be assigned randomly to departments or streams where lower number of preferences is seen.
6. Those who face difficulty while filling online preference can report to the registrar before the deadline has passed.
